

The Church of the Resurrection

100 Anniversary Celebration

Resurrection Church Invites The Brookline Business Community To Enter Into A Mutually Beneficial Relationship

Resurrection Church as part of its Centennial year is undergoing a capital/improvements/renovation campaign in the hopes of raising over the next several years apx \$500,000.00 for much need work and improvement. This valued community resource is now starting to show the signs of "old age". As such the goal is to keep Resurrection going for another one hundred years.

Therefore it is requested you participate in an program whereby you would contribute a portion of your sales to Resurrection in exchange for the Church advertising and promoting your business in its, weekly bulletin, on its web site and its bi annual newsletter which is **mailed to all 6000 Parishioners**. How it works is you agree to donate a portion of your sales to the Church in exchange for Fee Advertisement and Promotion which will be in the aforementioned forms as well as announced at the weekly services. You know the cost of advertisement these days. Here is a chance to get it **free!!**

A form will be given to the Parishioners that they can present so you will know they are participating in the program or they can simply let you know they are from "Ressi". The program and forms will be marketed to the Parishioners and they will be encouraged to patronize your business. Many Parishioners who may not have the means for a major one time capital donation will find this a better alternative and one they can afford. The Church wins: you win (free advertisement and traffic to your business) and more importantly the community and the personal benefit you will get for contributing to it.

You can assess the results and drop out at any time. Also you will sign off on any advertisement/promotional materials before use. Please indicate below if you would like to participate in what is believed to be a unique and creative way for a community resource and the business community to collaborate in a mutually beneficial relationship

Remember as long as you participate you will be given the promotion and advertisement in the program. What do you have to loose and look what you can gain!

____ Yes I would like to participate and want to be contacted for more information and to discuss/determine the percentage of proceeds I would return to Resurrection
